The Energy Saving Trust recommends installers from the Yorkshire and Humber Microgeneration Partnership. If you are applying for a grant or wanting to take advantage of the Clean Energy Cashback scheme from April 2010 then the installer you use must be accredited under the Microgeneration Certification Scheme.

All members of the Yorkshire and Humber Microgeneration Partnership are accredited under the Microgeneration Certification Scheme (MCS) or currently working towards accreditation. All the installers listed are members of the Partnership and are MCS accredited to install the technologies marked 'X' at time of publication (01/05/10).

For a full list of nationwide MCS accredited installers and suppliers of see: www.microgenerationcertification.org
